Relief On-Call Shore Engineer – Victoria

Pacific Pilotage Authority is seeking a **Relief On-Call Shore Engineer** for our **Victoria** launch operations. This position is offered subject to the terms and conditions of the current Canadian Merchant Service Guild agreement.

Applications can be submitted via email to hr@ppa.gc.ca. Please include your resume.

Overview

- Starting wage is \$67.33/ hour
- Relief employees receive 16% of gross salary, exclusive of holiday pay and overtime, in lieu of benefits and an additional 6% in lieu of vacation time
- Successful candidates will be required to work office hours and to be available on call after hours and weekends.
- A list of the duties and qualifications are available on request.
- The successful individual must be available on short notice for relief opportunities.
- Due to the on-call nature of the work, successful candidates must be within commuting distance of Victoria to cover shifts as needed.
- Responsible to the Director of Operations and Chief Technical Officer for pilot boat maintenance and performance of seamanship duties.

Duties

- Performance of boat maintenance, including checking fluid/oil levels, routine and comprehensive checks of engine and deck equipment and record keeping of the above maintenance.
- Troubleshooting of systems. Training of crew in inspection procedures and operation of various systems. Planning and co-ordination of repairs as required. Assist with development of formal procedures for operation, checks and maintenance procedures.
- As required, performance of seamanship duties; including operation of deck machinery/appliances, look-out and watch keeping duties and basic boat husbandry.
- Assist, as required, in the performance of pilot-transfer duties during the pilot boarding or boarding-off of a vessel.

- Performance of marine emergency duties, including recovery of a person in the water, first-aid and the operation and maintenance of life-saving equipment.
- Other duties related to the operations of pilot transfers and the maintenance of property and equipment belonging to the Pacific Pilotage Authority.

Requirements

- Valid certificates minimum Class Four Marine Engineer or higher are preferred. An equivalent combination of certifications and experience may be considered.
- Candidates must pass a medical screening, including drug and alcohol screening in line with a recruitment process for a safety sensitive position.
- It is essential that the successful candidate is a reliable self-starter and team player who is able to assume responsibility for maintenance duties, work collaboratively, and maintain calm in stressful situations.

Organization

- A federal Crown Corporation based in downtown Vancouver, the Pacific Pilotage Authority (PPA) provides safe and efficient marine pilotage services in the coastal waters of British Columbia, including the Fraser River.
- PPA oversees dispatch and launch operations at stations in Vancouver, Victoria, Steveston and Prince Rupert.
- A progressive employer with a mandate critical to the economy of Canada. The PPA is wholly self-funded, complex, small and nimble. PPA employs a diverse workforce of approximately 100 people.
- PPA generates revenue through collection of Pilotage service charges paid by transportation companies that access the coastal waters of British Columbia with the assistance of licensed pilots.
- PPA is governed by a Board of Directors appointed by the Government of Canada.
- PPA offers a dynamic environment and competitive compensation and benefits for full-time employees, including a defined benefit pension.
- For more information about PPA, please visit <https://www.ppa.gc.ca/welcome>.
